PETITION FOR WITHDRAWAL OF THE HOLDING OF ABANDONMENT
UNDER 37 C.F.R. § 1.181(a)

Sir:

This communication is responsive to a Notice of Abandonment mailed April 14, 2006 for the subject application.

In brief, the Applicant timely paid the Issue Fee of \$1,400.00, the Publication Fee of \$300.00, and a fee for an Advance Order of six (6) patent copies of \$18.00 (for a total of \$1,718.00) on February 15, 2006 for the subject application. A copy of a date stamped postcard accompanying the Applicant's payment of the above-listed fees and showing the filing date of February 15, 2006 is attached herewith as Exhibit A.

Pursuant to MPEP § 711.03(c)(I)(B), a petition to withdraw holding of abandonment is proper if "applicants [can] establish that a reply was filed with a postcard

receipt that properly identifies the reply [thus providing] *prima facie* evidence that the reply was timely filed.” See MPEP § 711.03(c)(I)(B).

The subject application received a Notice of Allowance mailed December 1, 2005. The Applicant timely paid the required fees as evidenced by the attached date-stamped postcard (see Exhibit A). The timely paid fees were accompanied by a PTOL 85 transmittal (see Exhibit B) and an Issue Fee Cover Sheet (see Exhibit C).

All indicia of the subject application, such as the application number, filing date, the first named inventor and the Attorney Docket Number was correctly identified on both the date-stamped postcard (see Exhibit A) and the Issue Fee Cover Sheet (see Exhibit C). The PTOL 85 transmittal (see Exhibit B) correctly identified the filing date, the first named inventor and the Attorney Docket Number of the subject application, however, a transposition error occurred in the identification of the application serial number. The error was the transposition of the digits “89” immediately after the slash (/). Out of 12 indicia for the subject application, only one possessed an error.

According to the Public PAIR database, rather than properly applying the above-listed fees to the subject application, it appears that the Patent and Trademark Office applied the fees to Application No. 09/983,009, which was patented on June 15, 2004 as U.S. Patent No. 6,749,031.

Under MPEP § 711.03(c)(I)(B), the Applicant has provided *prima facie* evidence that the issue fee and publication fee were timely filed on February 15, 2006. For the reasons discussed above, Applicant respectfully submits that the abandonment of the subject application is unwarranted and requests reconsideration and withdrawal thereof.

The Applicant further requests that the above-listed fees incorrectly applied to U.S. Patent No. 6,749,031 be properly associated with and applied to the subject application.

Although it is believed that no fee is due for or in connection with this Petition, the Office is hereby authorized and requested to charge any appropriate fee required for this Petition against Deposit Account No 04-1679.

If any point remains that is deemed best resolved through a telephonic conversation, the Office is hereby requested to contact the undersigned directly.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Mark C. Comtois', written over a horizontal line.
